

CITIZEN SCIENCE WITH ACSA

The Australian Citizen Science Association is a vibrant and growing community of citizen science professionals and enthusiasts. ACSA membership is open to anyone with an interest in citizen science. As an ACSA member, you'll be able to share ideas, pose questions, collaborate on projects, attend networking events and connect with people working, volunteering or fascinated in citizen science.

To become a citizen scientist you don't need a science degree; you just need time and enthusiasm. Learn how you can get involved with and contribute to a huge range of projects, and make a real difference to your community and to the environment.

ACSA provides the platform and fuels the network for citizen science in Australia. Become a part of ACSA and help to advance citizen science through the sharing of knowledge, collaboration with others, capacity building and advocacy.
