Project outcomes

The goal of the grants is to enable EMCR-led research that enhances the positive impacts of citizen science for science and society. Please indicate which of these subgoals your project delivered on:

- Understanding the value of citizen science contributions and participation in citizen science
- Informing design of citizen science research projects to improve inclusion and/or accessibility
- Strengthening citizen science data applications for research, policy and decision making

Please briefly summarise how your project specifically delivered on these subgoals.

Project summary

Briefly summarise what your project achieved and how it has or will enhance the positive impacts of citizen science for science and society.

Science communications product

Outline agreed plans for the science communications product.

Project timeline, deliverables and description of activities.

Project deliverable	Description of activities delivered	Is this deliverable complete?

Please describe how the project has reached and welcomed diverse audiences and enabled equitable participation.

Early and Mid Career Researcher outcomes

Please describe some of the ways that this funding has benefited you as an EMCR.

Please describe any ways in which ACSA could further support EMCRs in the future (optional).

Project reporting metrics

Reporting metrics	Reported number	Provide description here
Number of project partners		
Number of people engaged		
Number of research outputs		
Number of activities, events, initiatives		

Project financial reporting

Indicate the total project expenditure in accordance with the following table:

Budget item	Budget	Actual expenditure	Total in-kind or cash contributions *	Description of expenditure

Project completion statement

The grantee should tick to indicate that the grant project report complies with the following criteria:

- The grantee declares that the grant money was spent in accordance with the grant agreement and have reported on any underspends of the grant money.
- The grantee ensures that all the information contained in the Application is complete, accurate, up to date and not misleading in any way.
- The grantee represents that the signatories below are authorised to acquit this final project report.

By submitting this application, the authorised signatory listed below indicates that they understand and agree to the declaration above.
